

Vitaplant

10%N, 2%P, 8%K, 0.3%S, 0.13%Mg + Trace Elements

PRODUCT DESCRIPTION

Vitaplant is an organically enriched liquid fertiliser for all round use on both domestic and commercial turf and vegetable crops. Based on kelp extract, Vitaplant is scientifically blended with essential plant nutrients nitrogen, phosphate, potassium and added trace elements to encourage strong plant growth without the risk of burning. The addition of humectants (a naturally occurring wetting agent) ensures an even spread of Vitaplant over the plant leaf area and encourages easy absorption into the root system through the soil.

BENEFITS

- Balanced formula with trace elements.
- Both nitrogen and potassium are in a form of potassium nitrate
- Valuable source of essential plant growth proteins and amino acids.
- Wetting agent added for better distribution and absorption.
- Easy to use, water soluble.

DIRECTIONS

- Shake well before decanting. Use as directed.
- One capful is approximately 15mls.
- This product is also suitable for fertigation and drip irrigation.

APPLICATION

CROP	P/HA BROADACRE
Herbs, Vegetable crops	10 - 15 L in 400lt
Lawns	10-20 L in 400lt
Indoor	2 - 4 L in 400lt
